Requirements:

Students are supposed to **participate actively** in seminars which implies their **concentration, being sufficiently prepared, doing homework** assigned by the teacher.

Each student will prepare and deliver **one presentation** on a chosen topic **during the school year**.

Only in case they have fulfilled all the required duties, students are allowed to take the credit test. **The minimum score to pass is 66%.**

Students who pass each of three short tests written during the semester with the minimum score of 87% are relieved of the duty to take the credit test.

The oral exam consists of three parts:

1. Case history taking

Students are expected to show the ability to form questions concerning a patient's medical history.

2. Discussion

Students are expected to display their understanding of basic grammatical principles (e.g. imperative forms) and Czech language skills by being able to discuss topics:

Lidské tělo

Fyzický vzhled

Životní styl

Anamnéza

Bolest

Nemoci a příznaky

3. Reading and translating

Students are expected to be able to read and translate a simple written text on lifestyle topics. They are allowed to use a dictionary to prove their ability to deal with unfamiliar words and grammatical structures.
