

Study program : General Medicine
Name of subject : Basis of Histochemistry
Schedule abbrev. : HIE/VAB21
Schedule of classes : 4 hours of seminars
Placement of classes : 2nd year, 4th semester
No. of credits : 1
Teaching form : Seminars
No. of students : 16

Seminars:

Teacher: Kateřina Čížková, MSc., Ph.D.

Classes: continuous, wednesday 15.00 – 16.30, room 3.535

	Date	Topic	No. of classes	Teacher
1	8.3. 2023	histology sample preparation, histology stains, interactions between stain and tissue, routine histological staining	2	Čížková
2	15.3. 2023	histochemistry and immunohistochemistry – principles and practical applications – examples	2	Čížková

The way of conclusion: credit

Conditions for attend: 100% presence at seminars, active cooperation

Literature recommended: Suvarna SK, Layton C, Bancroft D: Bancroft´s theory and practice of histological techniques. Elsevier 2012
 Carson FL, Hladik C: Histotechnology,, American Society for Clinical Pathology Press, 2009
