Completed by: The examination covering 3 theoretical questions plus practical management of at least one clinical scenario.

Requirements: 90 % active attendance at seminars and practice. A student should report any absence from the ENT lectures and exercises to the secretary of the ENT department in writing (e-mail). A reported absence does not relieve a student from responsibility to take part in the entire course. Therefore, each absence is supposed to be substituted after approval from the head of department, preferably using an electronic communication.
