

Program of Study: General Medicine
Course: Mandatory Training in Selected Medical Specialities
Abbreviation: PLE/VA052
Schedule: 2 hours of seminar
 114 hours of practical training (19 days)
Course Distribution: 6th year
Number of Credits: 2
Course Form: Seminar, practical training

Seminars:

Teacher: prof. Mgr. MUDr. Milan Raška, Ph.D., MBA
 doc. MUDr. Eva Klásková, Ph.D.

Study: Block, 14.00-15.30 hod

	Date	Subject	No. of Less.	Teacher
1	January 6, 2023 <i>room TD 2.521</i>	Training evaluation, case report	2	Raška

Practical training:

The student selects a medical specialty in which he/she would like to do the training and arranges a standard agreement with the health care facility (in case of the University Hospital Olomouc a written consent from a department head is sufficient). No later than a week before the training starts, the student announces the place of training to Ms Osmani or Ms Melcrová at the faculty's student department. A log book must be filled out in the course of training and handed in during the final seminar. For the final seminar, the student prepares a short report based on his training in the health care facility (5 MS PowerPoint slides).

Completed by: Credit

Requirements: Attendance at training and final seminar
 Ability to concept, prepare, present (ppt), and discuss a case report about selected patient from his/her training in front of teacher and all colleagues

Literature: None
