

Program of Study:	General Medicine
Course:	Obligatory Practise in General Practitioner´s Office
Abbreviation:	PLE/VABP2
Schedule:	1 week of clinical training (30 hours)
Course Distribution:	3 th year: 6 th semester
Number of Credits:	1
Course Form:	Clinical training

Clinical training:

Leading Teacher: doc. MUDr. Eva Klásková, Ph.D.

Course contents: The practical training contains one week training in the GP's office according to GP' office hours (6 hrs per day).

The students will become familiar with the GP's activities - diagnosis, prevention and treatment. They will take part in preventive medical check-ups, immunization and will get familiar with principles of dispensary care.

The training can be performed in the Czech Republic or abroad. Contact Ms. Osmani or Ms. Melcrova to get a copy of the agreement.

No later than a week before the training starts, the student announces the place of training to the faculty's Student department.

After completion of the training, the student will submit the completed Internship Record to the main teacher responsible for the course.

Completed by: Credit

Requirements: Completed clinical training. Attendance 5 days of practice to GP office, preparation of case report.
Full completion of the internship, submission of internship sheet + credit book to study department (garant of the subject will sign in the credits during 2nd half of August). Testing of practical skills will be carried out orally during giving the credit.

Literature: Textbook of propaedeutic
