Completed by: Credit, exam

Requirements:

Students are supposed to **participate actively** in seminars which implies their **concentration, being sufficiently prepared, doing homework** assigned by the teacher.

Only in case they have fulfilled all the required duties, students are allowed to take the credit test. **The minimum score to pass is 66%.** Students who pass each of three short tests written during the semester with the minimum score of 87% are relieved of the duty to take the credit test.

The oral exam consists of two basic parts:

1. Case history taking and basic instructions

a) Students are expected to show the ability to form questions concerning a patient's medical history.

b) Students are expected to show the ability to form basic instructions as well as the knowledge of vocabulary related to the tooth structure.

2. Reading and translating

Students are expected to be able to read and translate a simple dental health article. They are allowed to use a dictionary to prove their ability to deal with unfamiliar words and grammatical structures.
