

„In the middle of every difficulty
lies opportunity.“

Albert Einstein

INTRODUCTION

1. Tutors/coordinators/

1st - 2nd year

PhDr. Zlata Brachová, MBA

Centre of Telemetric Medicine(CENTESIMO)

Main Building, right wing, 1st floor

Land line(office): 585632711

zlata.brachova@upol.cz

3rd - 6th year

Mgr. Veronika Glogarová

Centre for Foreign Language Teaching

Main Building, right wing, 3th floor

Land line (office):585 632 715

veronika.glogarova@upol.cz

The documents

Precise information regarding:

- Long-term residence permit
- Long-term visa
- Biometric data
- Health insurance (EU and NON-EU citizens)

All the up-to-date and necessary information will be provided by our excellent registrars.

Theft or loss of documents (pocket-picking, shop-lifting etc.)

- Biometric card – **theft**
 - notification to Česká policie/Czech Police or Městská policie/City Police,
 - the same if it happens abroad),
 - afterwards to OAMP – **a police record required!**
- Biometric card – **loss**
 - only to OAMP (you will fill in a form specifying if it was a loss or a theft)

In both cases: biometric data will be retaken the same day of the notification at OAMP–Přerov without an appointment (new card - for a specific fee !)

Watch your stuff!

If something like this happens - contact a tutor - ASAP!!!

Theft or loss of other documents

(credit card, ISIC, passport, etc.)

Credit card - block your bank account!

ČSOB – 495 800 111

Česká spořitelna – 800 207 207

ISIC - through registrars

Passport – through your embassy in Prague, OAMP

Always carry your biometric card or passport or a copy of it.

ISIC **is not** ID outside university.

Medical care

How to solve non-acute health problems?

- 1) Keep essential medicines handy
- 2) Take the medication you are used to or purchase medication from a pharmacy (CAUTION for allergies)
- 3) Don't overestimate, but don't underestimate the symptoms either.
- 4) Prevention is essential:
 - sleep
 - regular meals
 - appropriate clothing
 - sports and entertainment
 - hygiene-especially hand hygiene

Medical care

General practitioners for English program students

Contact:

Only !!!! through the tutors (dr. Brachová,
Mgr. Glogarová)

Specialists:

Depends on type of Health Care Insurance - as part of insurance or direct payment.

Ask the tutors (dr. Brachová, Mgr. Glogarová) for help.

MUDr. Karolína Nováková

Important information regarding GP visit

- **ALWAYS** bring your insurance papers/card and ID
- At the ground floor register at the reception with the paperwork, the nurses will copy it and prepare a paper file and virtual file in the hospital system for me to work with.
- **EVERYTIME** when you come for a check-up, you need to register at the reception, otherwise I will not know you have come
- When you write me an email **ALWAYS** sign with your full name - makes it way easier to find you in the system
- Please try to use your Czech with the nurses, as they do not speak English well
- I am not a real GP, I do not have my own office and office hours - unfortunately sometimes you will have to wait even though you have appointment with me. I am always trying to see you a.s.a.p., but that means you need to squeeze in between our chronic patients and acute patients from the emergency department.
- I am not able to see students over weekends, nights and holidays, even though I might be working - our outpatient clinic is open working days 7-15.30 only, rest of the time staff is only at wards.

Medical care

Acute condition, situation, injury, sudden illness

Medical care - regular use of medication

If you suffer from any **health problems**, **chronic illness** and take **medications regularly**

don't be afraid to admit it during a medical examination at the Occupational Medicine Clinic at FNOL

Make sure:

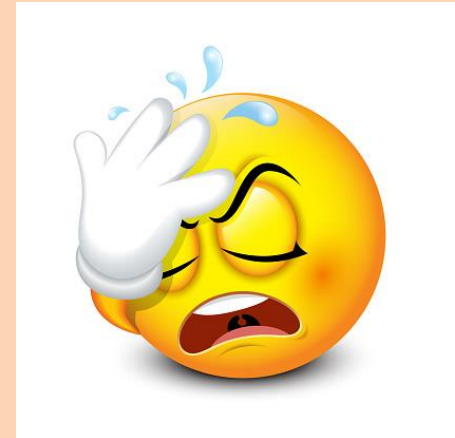

- that you have a sufficient supply of necessary medications on you
- that you have contact with your specialist
- **that you have a report from your specialist as a necessary source of information in case you need a consultation and prescription in the Czech Republic**

Medical care - regular use of medication

No medications (including vitamins, dietary supplements, etc.)

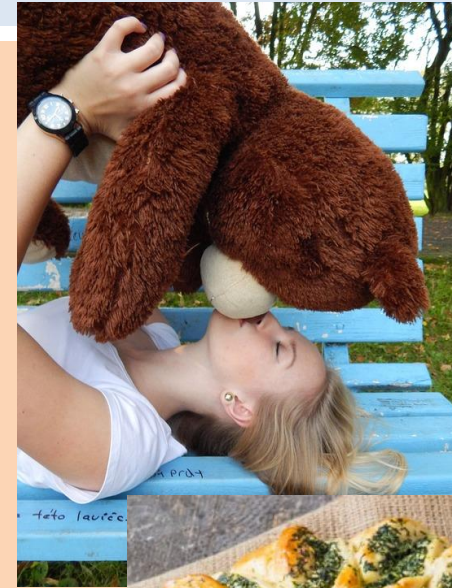

may be sent
as part of packages from home.

If this happens,
the package will be sent for inspection
and **likely sent back to the sender.**

Packages, shipments

How to receive your **beloved Teddy Bear**
Mom's great cake, **favorite book**
or **warm clothes** without any problems?

Packages, shipments

Folow those instructions

- 1) the content of the consignment **must not** be marked as **a gift** (it is subject to customs clearance and must be paid) but **as personal belongings, things needed for study**
- 2) request that the accompanying documentation will be sent electronically from the sender (from parents, relatives) to you **with a list of the package contents**
- 3) wait for notification - delivery of the shipment to the customs office, will be probably in Czech language –
DO NOT IGNORE IT!

Packages, shipments

Folow those instructions

- 4) confirm that the shipment is for you and that you accept it – ASAP.

If not, the shipment is going to be send back to sender within **21 days**.

- 5) for confirmation you need in electronic form:
- passport scan (page with photo and number, validation, etc.)
 - certificate of study

If you do not know what to do from point number 4, ask for help. Whom?

Your tutor!

How to address your teachers?

- Based on academic degrees or degrees obtained after graduation (Dr.)
- Profesor - professor
- Docent (associate professor) - professor
- Odborný asistent (senior lecturer/assistant professor) - doctor
- **NEVER CALL A TEACHER BY THEIR FIRST NAME**

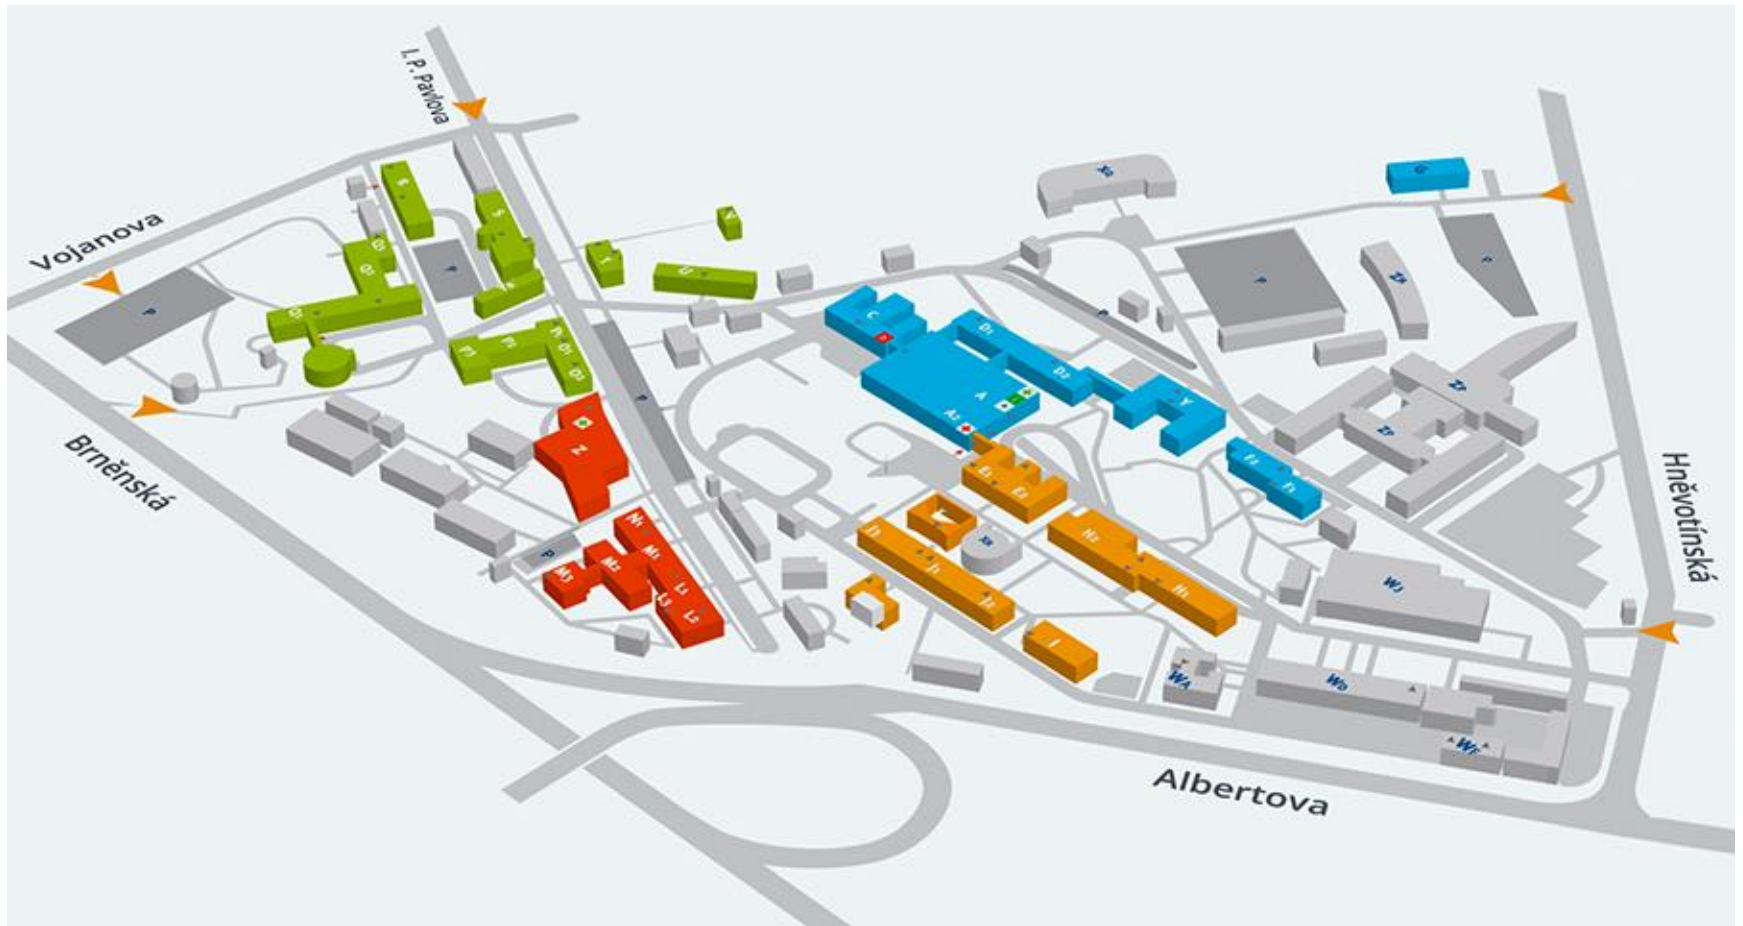

How not to get into unnecessary trouble

- Do not waste allowed absencies,
- Ask teachers for the specification of rules in the practicals,
- The inner rules can differ depending on the dpt., particularly in the subjects with labs (biology, chemistry),
- Classes are mandatory, substitutions allowed with the excuse beforehand (more complicated in Dpt. with labs),

Do not hesitate to ask, ask, **ask** for help!

Tour the hospital

Tour the Hospital

- **Wednesday : 13 .9. 2023 - 13:30**
- **It is NOT mandatory**
- The maximum duration is 60 minutes
- Meeting point - a large staircase in front of the old building
- Guide?
- Try to guess....
- Your Guardian Angel

Thanks for your attention
